NURIA

# Ambassador Program

Share Nuria with sincerity. Earn alongside our community through a transparent recurring referral program.

**50%**
of Net Revenue

**EUR 100**
payout threshold

**Recurring**
while renewals continue

EDITION 2026

Request your ambassador code through hello@oakdev.app. We aim to reply within 48 hours.

**Khayran katheeran**

*May abundant good come of it.*

SECTION 01

# How it works

The program is built to be easy to explain: one code, one clear attribution path, and recurring earnings while a referred subscription remains active.

01

## Request your code

Email hello@oakdev.app and we issue a unique referral code tied to your profile.

02

## Share Nuria

Introduce Nuria in person, in your community, or on social media together with your code.

03

## Earn 50%

When a referred user subscribes with your code, you receive 50% of Net Revenue.

04

## Keep earning

Your share continues automatically every month while the subscription stays active.

**Whoever guides someone to good is like the one who does it.**

A simple reminder to share with sincerity first, and let the reward structure stay transparent in the background.

SECTION 02

# Reward structure

Earnings are calculated on Net Revenue: the amount Nuria receives after the Apple App Store or Google Play platform fee has been deducted. Of that net amount, 50% is yours each active billing cycle.

WORKED EXAMPLE

## EUR 9.99 monthly subscription

| | |
|---|---|
| Subscriber pays | **EUR 9.99** |
| Platform fee, approx. 30% | **- EUR 3.00** |
| Net Revenue to Nuria | **EUR 6.99** |
| Your 50% share | **EUR 3.50 / month** |

SECTION 03

# Essentials

### Payout threshold

Balances are paid once the Accrued Balance reaches EUR 100.

### Payment cadence

After the threshold is crossed, payout is initiated within 30 days of month close.

### Fees at cost

Bank, PayPal, Wise, SWIFT, or intermediary fees may be passed through at cost.

### Tax responsibility

Ambassadors are independent and responsible for their own tax declarations.

### Transparency

Statements list gross revenue, platform fees, and accrued ambassador share.

SECTION 04

# Get started

Download Nuria, request your code, and share the app with people you believe will benefit. For support and enrolment, contact hello@oakdev.app.

## App Store

iOS

Scan the code or use the direct app-store link from the website.

## Google Play

Android

Scan the code or use the direct app-store link from the website.
